EDUCATION

Degree	Institute	CGPA/Percentage	Year
B.Tech.	Indian Institute of Technology Jodhpur	7.73/10 (Current)	2021-2025
Senior Secondary	Narayana Junior College	98.6%	2021
Secondary	SR.EDU Centre	10/10	2019

EXPERIENCE

- Eaton India Innovation Centre** May 2024 - Jul. 2024
Product Design Intern Pune, India
 - Independently designed meter sockets using reverse engineering and CAD software at Eaton, creating detailed 3D CAD models and conducting temperature and endurance tests on circuit breakers in collaboration with quality assurance.
 - Gained understanding of inventory management processes, assisted with organizing and tracking materials, and acquired knowledge in 3D printing to enhance overall product design and prototyping skills.
- Dept. Of Computer Science, IIIT Nagpur** May 2023 - Jul. 2023
Research Intern Nagpur, India
 - Compared machine learning models (Decision Tree, Random Forest, Regression, AdaBoost, XGBoost, LightGBM, CNN) for histopathologic cancer detection, achieving the highest accuracy with CNN and LightGBM.
 - Identified improvement strategies such as hyperparameter tuning and image enhancement to boost model performance.

PROJECTS

- Safe Circumnavigation using Range based measurements** May 2023 - May 2024
Electrical Dept., IIT Jodhpur Dr. Anoop Jain
 - Conducted research on the safe circumnavigation of hostile targets, contributing to advancements in real robotic systems. Enhanced the safety and navigation protocols of robotic systems, ensuring more reliable operation in hostile environments. Contributed as the second author to a paper currently under review for IEEE Transactions on Control Systems Technology.
- Health Impact Assessment of Global Desert Dust Storms** May 2023 - Jul. 2023
CETSD, IIT Jodhpur Dr. Rajyalakshmi Garaga
 - Conducted an in-depth study on the health effects of desert dust storms, with a special focus on the Thar Desert in India. Demonstrated significant expertise in environmental health research through detailed study and analysis. Presented the paper titled "Health Impact Assessment of Global Desert Dust Storms: A Comprehensive Study with Emphasis on the Thar Desert, India" at the AGU23 Fall Meeting, showcasing expertise in environmental health research.

SKILLS

- Programming & Mechanical Skills:** Python, C/C++,HTML, CSS, Javascript, ReactJs,SolidWorks, Autocad Inventor, Creo, Ansys, Cindrella, Scikit-Learn, Numpy, Keras, Tensorflow, Pandas,Matlab, Canva, Adobe, Excel, Powerpoint

COURSE WORK

- Maths,Mechanical,Computer Science & Manag:** Linear Algebra, Basic Calculus, Scientific Computations, Digital Fabrication, Smart Manufacturing, Kinematics & Dynamics Of Machines, Introduction to Computer Science, Introduction to Machine Learning, Data Structures & Algorithms, Introduction to Robotics, Mechatronics, Managing Human Capital, Corporate Finance, Productions Research & Operations Management, Marketing Management, Financial Accounting & Reporting.

ACCOMPLISHMENTS

- Travel Grant**,Submitted an abstract and was awarded student travel grant to attend AGU'23. 2023
- Research Position**,Was selected among 40 people to hold a research position, contributing to safe circumnavigation. 2023
- Badminton**,Participated in badminton tournament at district level. 2015
- Team Head, Socio-Cultural Fest (Ignus)**,Successfully hosted and managed over 42 events, including 4 flagship events; led a team of 30 members. 2024
- Assistant Head, Student Wellbeing Committee**,Mentored student guides who mentored junior year students; managed orientation week for freshers. 2023
- Content Executive, Newsletter Club (PHEME)**,Oversaw content strategy and creation; managed content initiatives to drive engagement and enhance visibility. 2022
